Dear Sponsor:

Thank you for considering supporting this important event, which we hope will make a difference in the political discourse of our Nation.

Puerto Rico became a possession of the United States in 1898 as a spoil of the Spanish American war. In 1917 Puerto Ricans were made US Citizens by act of Congress but not incorporated as a State with all the rights and benefits afforded Citizens of a State. Puerto Rico is caught in a middle status, which few agree is constitutionally acceptable or politically viable. The American public is woefully under educated on what this situation means to all Americans on the mainland. Everyone in the United States probably knows some Puerto Ricans such as Rita Moreno, Lin Manuel Miranda, Jennifer Lopez, Roberto Clemente, Sonia Sotomayor or even Bad Bunny, whoever few know why the island continues to have economic crisis and major migrations. This Convention is dedicated to educate lawyers, opinion leaders a/k/a influencers from around the nation as to the major obstacles, advantages, and disadvantages of the island in possession.

The Legal Services Clinic of the Puerto Rican Community Inc. was born from the need caused by the migration of over 50,000 Puerto Ricans to Florida in 2017 as a result of Hurricane Maria. Our mission is to assist the indigent, whether migrants or not, with the vexing legal issues caused by migration to an unknow area and cultures. However, we also dedicate ourselves to the education of the public on laws and how they are made.

This second conference is dedicated to ALL AMERICANS who want to learn about what role they can play in this evolution, because they actually can vote for the representatives that will make the decisions, whereas Puerto Ricans cannot.

Your message will reach hundreds of decision makers from N.Y. to Puerto Rico, From Florida to Illinois.

Your assistance will be felt across the Nation.

Respectfully,

/s/ Anthony Suarez
